

FLAT MOON ECLIPS

FLAT MOON ECLIPS 950 CEILING DOWN LED DALI/PUSHDIM GI

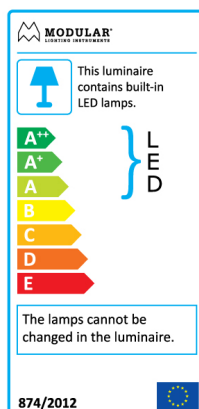

Bring the breath-taking subtlety of a lunar eclipse indoors – in the form of our Flat moon eclips lighting fixture. This enchanting ring-shaped luminaire distributes soft yet functional light, and is designed for hospitality venues, public, retail and other large spaces. Flat moon eclips has a high, powerful lumen output, but less than the current Flat moon. As it illuminates without overwhelming, Flat moon eclips is even also suitable for residential spaces. Flat moon eclips can be mounted directly onto the ceiling and is available in diameters of 650mm and 950mm. Even more, it can be suspended using a straight suspension kit. Flat moon eclips recessed can be integrated fully into the ceiling.

Art. Nr. 13363509
