

SHELLBY 176 TRIMLESS LED WARM DIM GE

Shellby for general lighting and Shellby for creating mood. A clash of functions, yet the exceptional coexistence of purpose. Sun or moon? Definitely both. Powerful from above, it indisputably lights and energizes daily activities. Softer and a little to the side, it exudes calm and warmth. Shellby's playful and asymmetrical design lets you experiment with aesthetic effects that will charm the entire room.
