

FRITZ HANSEN

KAISER IDELL™ 6556-T FOREVER MODERN

The iconic lamp is reimaged in a modern grey hue.

FOREVER MODERN

An icon of Bauhaus design with its timelessly modern expression, the Kaiser idell™ lamp remains a leading light in the world of design.

Renowned for its streamlined shape, high-quality materials and supreme craftsmanship, the slim silhouette of the table lamp is now updated to modern sensibilities with a matte grey hue, giving the classic design a contemporary Nordic twist. Brushed brass details perfectly offset the saturated grey, which works with any colour scheme and illuminates any setting with functionally ambient light.
